

A new tamper generation Sharpening our competitive edge.

A tailored solution for every job.

BT 60 –
The new benchmark in this class.

BT 60 – **Lightness allows easy handling**

For continued use in confined areas and for extended work periods.

- The lightest tamper in this performance class
- Proven Honda 4-stroke petrol engine
- Optimised total engine protection
- Twin air filter system
- Hour counter and tachometer (standard)

BT 65 –
The new benchmark in this class.

BT 65 – **More power for top performance**

For frequent use with tough compaction specifications which demand the highest efficiency.

- The most powerful tamper in this class
- Proven Honda 4-stroke petrol engine
- Optimised total engine protection
- Twin air filter system
- Hour counter and tachometer (standard)

BVT 65 –
Setting the standard in the premium class.

BVT 65 – **Dependability: nothing less**

For use on a wide range of common applications.

- BOMAG quality and smart design
- Proven Honda 4-stroke petrol engine
- Standard engine protection
- Standard air filter system
- Hour counter and tachometer (optional)

Simply the highest quality. Never less.

Safe and easy operation.

The integrated On/Off safety switch enables the engine and the fuel supply to be simultaneously switched on or off with one hand movement.

Fatigue-free work

The height adjustable steering bow enables quick and individual adaptation for every user.

High availability and a longer service life

The optimised complete engine protection made out of a special high-resistance plastic provides reliable protection against corrosion and damage.

Lower service costs

The hour counter and tachometer with service display enable maintenance and service to be optimally planned.

Integrated On/Off safety switch.

Height adjustable steering bow.

Hour counter and tachometer with service display (standard: BT 60 and BT 65, optional: BVT 65).

Optimised total engine protection (BT 60 and BT 65).
